### **Executive Training for Total Quality Management**

Dear Sir/Madam,

**Six Sigma Quality International, Mumbai** is pleased to conduct Total Quality Management

As is widely known, SSQI is conducting various technical courses inviting interested personnel/technocrats for enhancing & fine-tuning of the skills.

In an increasingly competitive global as well domestic market place, the standard of Quality, security, environment, safety and social accountability are issues critical in running a successful business. Customer's demands have been increasing continuously. Price competitiveness alone no longer guarantee that your business will stay ahead of other in the playing field. Indeed Quality Assurance system through internationally endorsed ISO 9000 system and **Total Quality Management (TQM)** will pay a dividend in a longer run.

**Six Sigma Quality International, Mumbai** offers Management Certification of various International Standards to Corporate and Industries. Our goal is to provide Total Quality Solution to our valued clients. Our products range includes different ISO Standards, Latest Management Principals, Total Quality Management implementation and Public & customized training programs to Corporate and Students.

**Six Sigma Quality International, Mumbai** established as an independent Certification and Training Organization with the main objective to provide value added services to its valuable clients. Certification and Training will cover a wide spectrum of activities from the Certification of management systems. SSQI has well qualified and highly experienced trainer & consultants to augment its resources and, especially, where a specialist is required with experience in specific process and technology

SSQI 's Trainer and Consultant have consulted number of companies for the Management Systems covering, Quality Management System and Environmental Management System. Our Consultant are located at most of the major cities in India including Mumbai, Kolkata, Ahmadabad, Baroda, Jaipur and Nashik and we put in all the efforts to economize Certification costs by controlling travel and subsistence expenses in deputing local Consultant from the nearest station to the extent possible depending upon their availability & suitability.

SSQI offers a service to their clients, that will cover independent assessment and training of Management Systems to the required standard or any other equivalent National / International version.
